

paint a **protective shield** over your home

UNIVERSAL AQUA GUARD ELASTOMERIC PAINT

Premium quality elastomeric paint. **AquaGuard features a flexible and ultra durable coating that forms a crack bridging weather resistant barrier.** AquaGuard is guaranteed to protect your home against the extreme tropical weather conditions.

Product specs.

coverage	finish	coating interval	dry time	application	packaging
30-35 sqm / 4L	satin semigloss	1-1.30 hours	2 hours	brush, roller & spray	1L, 4L & 16 L

UNIVERSAL AQUA SHIELD CEMENTITIOUS COATING

A 2-component cementitious water proofing compound that dries to a flexible but very tough, highly-resistant-to-abrasion coating. **AquaShield exhibits superior all around weather and water resistance and durability.** Aside from vertical surfaces, AquaShield also excels in wet recessed and water ponding areas such as bathrooms, balconies and roof decks.

Product specs.

coverage	finish	coating interval	dry time	application	packaging
20 sqm / 4L	cement	1-2 hours	2 hours	brush, roller	4L & 16 L
